

KEY BENEFITS

CLOSE YOUR BOOKS FASTER

Acumatica's time-saving automation enables you to facilitate month-end activities efficiently and with fewer errors.

KNOW WHERE YOUR BUSINESS IS

Access 100% of your financial information from anywhere, using any popular web browser on any device.

ACCELERATE DECISION-MAKING

Improve decisions by using drill-down reports and dashboards to gain access to past information and provide insights into future needs.

MANAGE MULTIPLE ENTITIES

Integrate financials across multiple business entities and automate reporting, consolidation, payments, and cash management.

IMPROVE YOUR ANALYSIS

Acumatica's standard financial reports provide year-over-year comparison and budget versus actuals.

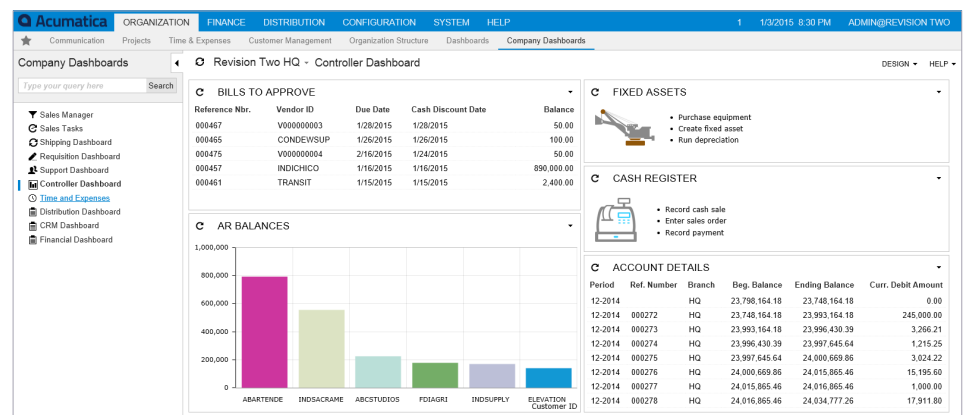

WORK LOCALLY AND INTERNATIONALLY

Prepare financial statements in both your local currency and a foreign currency for reporting purposes.

FINANCIAL MANAGEMENT

A powerful set of financial applications used by almost every organization, no matter how complex or simple your requirements are

The Acumatica Financial Management Suite includes a core set of applications designed for companies with complex requirements, yet are easy to use in smaller organizations. The Financial Management modules are integrated with each other and the other Acumatica suites, including Distribution Management, Customer Management, and Project Accounting.

View key information and access different finance functions from the dashboard.

OPERATE MORE EFFICIENTLY

- Get a complete picture of your financials anywhere, anytime no matter what browser or device you use.
- Save time by automating key processes using workflows that are easy to configure and modify as your requirements change.
- Gain real-time visibility into how your business is performing with dozens of out-of-the-box financial reports and personalized dashboards.
- Automate the process of entering timesheets, submitting expense claims, and assigning work with the Employee Portal.
- Enable your people to work together with the same information in real-time utilizing Acumatica's centralized database.

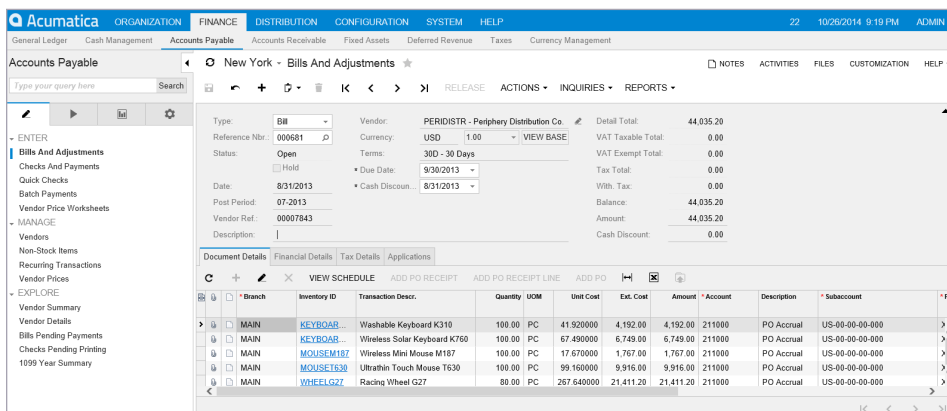

GROW YOUR BUSINESS WITH EASE

- Easily move your data between public and private cloud deployments as your business needs change.
- Never get locked in to per-user costs with the ability to add unlimited users at no additional cost.
- Reach international markets quickly with multi-currency, multi-language, and multi-company capabilities, as well as localized functionality.
- Utilize inter-company accounting to track financials and create reports separately for an unlimited number of related companies within your organization.
- Seamlessly conduct recurring billing across customers, accounts, districts, organization, and channels and product lines.

FINANCIAL MANAGEMENT MODULES AND CAPABILITIES

General Ledger	Central repository for collecting and analyzing your financial information.
Cash Management	Manage day-to-day operations related to cash transactions, cash balances, funds transfer, and bank account reconciliation.
